Headteacher Kathy Allen

Dear Parent/Carers

26th October 2018

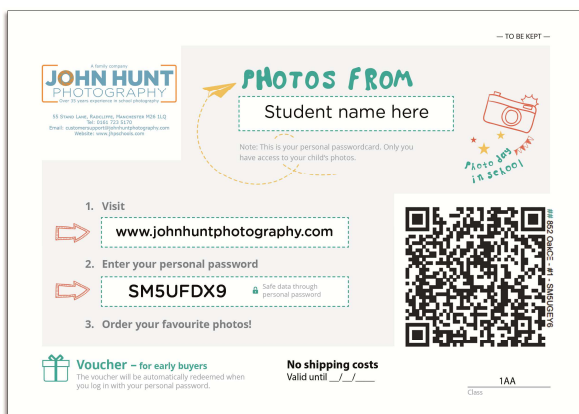

School photographs for individuals and family groups will be taken on **Wednesday 7th November**.

Family photographs of children attending our school will be taken during the normal school day, however all children will also be photographed individually for school records.

However, if your child has brothers or sisters who do not attend our school and you would like them to be on the photograph, you can bring them into school at 8.15am prompt.

There is a new system used by the photographers for ordering the photographs.

Your child will come home with a card similar to the one below.

- Students are given their 'Photo Card' with unique password at the end of the school day.
- Photos are then available for parents to view online within 48 hours by using the unique password.
- Online orders can be placed immediately using mobile phones, tablets or laptops.
- Completed orders are sent direct to your home address.

If you attend for a photograph at 8.15am you will be given a card immediately. If your children have a group photo in school, it will be linked to one of the children's cards that they bring home at the end of the day.

Regards

Kathy Allen
